Threaded Ball Valves

Threaded Ball Valves come in 1" thru 2" sizes. All of our Threaded Ball Valves conform to NACE MR0175 requirements. Our Threaded Ball Valves are full opening to ensure a very low pressure drop. Tulsa Valve performs 100% pressure testing on all of our Threaded

Ball Valves. Please refer to the Tulsa Valve [Threaded Ball Valves brochure](#) for detailed information.

Features Include:

- [Ductile Iron and Carbon Steel Ball Valves](#)
- [1" to 2" Size Range](#)
- [Ductile Iron: 300 to 2000 WOG Pressure Range](#)
- [Carbon Steel: 720 to 3600 WOG Pressure Range](#)
- [NPT Threaded Ends](#)
